

## COMMANDERY TO ATTEND SERVICE

**Knights Templar to Follow Old Time Custom At Presbyterian Church**

El Monte Commandery of Knights Templar will attend the Easter Praise service this afternoon in First Presbyterian church. For centuries it has been the custom of the Knights of the Temple to observe the Easter day by attending divine services. In medieval days the services were held in the home or asylum of the commandery. Today when the Knights are active men of everyday life the temples are not erected as to provide a daily home for the members and the Easter services are conducted in some nearby church.

Rev. John Edward Carver will deliver the Easter sermon today. Rev. Carver is not only past commander of El Monte Commandery, but at present he holds the rank of grand captain general of the Grand Commandery of the State of Utah. It is not often that a minister is elevated through the local and state offices of a commandery, it is said.

The Easter services in First Presbyterian church today will be in keeping with the high standard set by other Easter praise programs in Ogden. In addition to well favored local musicians twelve numbers will be given by Miss Margaret and John L. Summers of Salt Lake. Musical services of praise will be given at 11 a. m., at 4 p. m. and in the evening at 7:30. The Knights of El Monte Commandery will meet in the Masonic Temple at 3:15 o'clock this afternoon and march in a body to attend the 4 o'clock service of Easter song.

## Lehi Man Wakes Up in Box Car His Money Gone

LEHI, Utah, March 26.—William H. Cutler, owner of a garage here, woke up at Grand Junction, Colo., yesterday locked in a box car. Cutler disappeared Wednesday after he is known to have made several collections.

Mrs. Cutler received a letter from her husband today dated Grand Junction. He said he could not account for his trip. All that he knew was that when he woke up he found himself locked in the car his money gone and that his head hurt him. A brother left here tonight to bring him home.

## BODY OF CORPORAL GRANT LEAVES N. Y.

The body of Corporal Fred Grant, Ogden boy killed in France the day before the armistice was signed, is expected to arrive in Ogden late Wednesday or early Thursday morning.

Warren L. Watts received a telegram today from Frank Grant, mine superintendent at Rye, Nev., father of the soldier, that the body was to leave New York this morning at 8:25 o'clock.

Mr. Grant will reach Ogden today and will begin preparations for funeral services.

Governor Mabee has informed Mr. Watts that a troop of soldiers will be provided to escort the body. Military funeral services will be conducted.

## EVANSTON MAY LOSE DIVISION

**Rumors in U. P. Circles Say Freight Crews to Be Run Through**

Is Evanston, Wyo. to be abandoned by the Union Pacific as a freight division point? This question is causing considerable agitation in the little Wyoming town which Utah lawmakers made famous several years ago when they passed the prohibition law.

The rumors have been both affirmed and denied.

If this action is taken by the railroad it will mean that Evanston will be relegated to the position of a way station on the transcontinental line.

From railroad circles comes the report that the railroad has decided Evanston have been closed. Engine crews, both passenger and freight are now making the through trip over the passenger division to Green River.

Train crews of the freight trains are still being turned at Evanston.

It is said that the new locomotives recently put into service by the Union Pacific are a factor in maintaining the through service.

Laramie has been eliminated as a division point.

This means that the crews will run from Green River to Rawlins, instead of to Laramie, thence to Cheyenne.

In case freight train crews are run through to Green River it will mean that about a hundred families will depart from Evanston.

Dispatches from Evanston say that rumors concerning the proposed abandonment of the city as a division point are unfounded.

Evanston has been a freight terminal for the Union Pacific for the past 32 years.

Karl Hopkins superintendent of the Ogden public school system, and Mrs. Hopkins, are going to Mount Pleasant, Utah, to attend the funeral of Mrs. Hopkins' mother, Mrs. Hyrum Seely, who died Saturday morning at the age of 69 years. Surviving the deceased are the husband, four sons and four daughters.

Funeral services will be held at Mount Pleasant Monday at 1 o'clock.

## WOULD HALT MISUSE OF DISABLED FUNDS

WASHINGTON, March 26.—Legislation providing that all sums allowed to disabled soldiers for support of their dependents be paid directly to the designated dependents instead of to the soldiers will be recommended to congress, the federal board for vocational education decided today.

Enactment of such legislation, board officials say, would obviate any possible misuse of allowance funds as is now possible under the system whereby the funds are paid to the disabled men.

He was for several years county clerk and was at one time a clerk at the Reed Hotel. He will be associated with H. E. Goddard, Chris Andeson and Sanford Harrop in his new venture.

## GIVE APPROVAL TO WOOL POOL

**Farm Bureau Officers and Flockmasters Reach Definite Decision**

SALT LAKE, Mar. 26.—Final approval for the pooling and marketing of Utah wool was given to a plan put forward by the Utah State Farm Bureau at a meeting of wool growers here tonight. Directors of the Utah Wool Growers' association are working in co-operation with the farm bureau and two of their directors have been placed on the marketing committee.

At tonight's meeting, which was attended only by members of the two committees, 1,501,000 pounds of wool and 54,000 pounds of mohair were pooled. It is anticipated that more than five million pounds of wool grown in Utah, Idaho and Nevada will be placed in the pool.

Those chosen to serve on the marketing committee are D. D. McKay, president of the Utah State Farm Bureau; W. W. Armstrong, Salt Lake banker; A. P. Bigelow, Ogden banker; Senator U. T. Jones of Cedar City; M. S. Marriott, Ogden wool grower; Geo. Austin of Salt Lake, and W. D. Candland of Mt. Pleasant. The last two named represent the Utah Wool Growers' association.

It is planned to hold a public meeting early in April for submitting the marketing plan in detail to the wool growers.

## RIGHTS CLASH IN MURDER CASE

NEW YORK, March 26.—Today's hearing in removal hearing hearings against Robert Rosenbluth, a former captain, charged with having caused the killing of Major Alexander F. Cronkite at Camp Lewis, Wash., on October 25, 1918, was postponed until next Tuesday.

QUESTION ARMY POWER.

SEATTLE, Wash., March 26.—Action of federal authorities with regard to murder charges against Robert Rosenbluth and Roland Potier, former service men, in connection with the death of Major Alexander Cronkite, at Camp Lewis, Wash., in 1918, will be determined by the result of an inquiry, as to federal jurisdiction in the case, it was said at the office of United States District Attorney Robert C. Saunders today.

If the investigation shows that title to the military reservation at Camp Lewis passed to the federal government after the alleged crime was committed, the federal charges would have to be dismissed, Mr. Saunders said. The deed conveying the reservation, he said, was filed in the office of the Pierce county auditor in November, 1919, a year after Major Cronkite's death. He said it was possible the case would have to be prosecuted by state authorities in the Pierce county courts.

## COUNTY MAY ACT

If the government drops the proceedings against Rosenbluth and Potier on account of lack of jurisdiction, Pierce county will take up the matter at once with a view to prosecuting them in the state court, jurisdiction being Attorney J. W. Seiden of Pierce county, will be in charge, Mr. Saunders said today.

While none of the officials would permit himself to be quoted, all were undisguisedly pleased that the United States had seen fit to reject Lenin's plea for recognition, the French interpreting the American attitude as a certain amount of support of the French viewpoint regarding the soviet republic. Communists as done after the Russian trade agreement with the soviet, the officials believe the American refusal more than counteracts any strength the Bolsheviks may have gained through their successful negotiations with Great Britain.

## France Cheered By Rejection of Soviet Proposal

PARIS, March 26.—(By The Associated Press.)—Press dispatches telling of the rejection by the American secretary of state, Charles E. Hughes, of the Russian soviet trade proposals were received with satisfaction in official circles here today.

While none of the officials would permit himself to be quoted, all were undisguisedly pleased that the United States had seen fit to reject Lenin's plea for recognition, the French interpreting the American attitude as a certain amount of support of the French viewpoint regarding the soviet republic. Communists as done after the Russian trade agreement with the soviet, the officials believe the American refusal more than counteracts any strength the Bolsheviks may have gained through their successful negotiations with Great Britain.

## BALLOONISTS' FATE REMAINS A MYSTERY

PENSACOLA, Fla., March 26.—Although four days have passed since Chief Quartermaster George K. Wilkinson and four companions left the naval air station in three balloons, officials at the station still were hopeful tonight of the safety of the five men.

Search of the entire area to which the wind might have blown the craft has been made by dirigibles, seaplanes and eagle boats, without success. Failure to find any traces of the balloon was taken by station officials as indicating that the craft either drifted to some unfrequented spot or that the men were picked up by some fishing boats. As the duration of the average fishing cruise is three weeks, officials said they would not abandon hope until the end of such a period.

DENVER, Colo., March 26.—Formal confirmation of the sale of the Denver & Rio Grande railroad to the Western Pacific Railroad company for \$5,000,000 to satisfy a judgment of the Equitable Trust company of New York today was put over until 10 o'clock next Monday morning.

Postponement of confirmation followed preliminary conferences in which Federal Judge Robert E. Lewis denied an application by the stockholders for an order permitting them to file \$100,000 in bonds in place of cash as evidence of their intention to bid \$10,000,000 for the property.

Application for the order was placed with the court this morning following failure of the stockholders' protective committee to deposit \$100,000 as evidence of good faith.

## YOU CAN'T BRUSH OR WASH OUT DANDRUFF

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Advertisement.

## FEAR COAL FAMINE IF REVIVAL COMES

WASHINGTON, March 26.—Consumers and not the railroads, the operators or the miners are responsible for present depression in the bituminous coal industry, Dr. George Otis Smith, director, and F. G. Tryon, chief statistician of the geological survey, declared in a statement issued here tonight.

A policy of "buy only as needed," is being pursued dangerously by bituminous consumers, the statement said. Empty coal bins will be the result, it was said, should a sudden industrial upturn develop, as in such an event the mines would be unable to produce and the railroads unable to carry sufficient coal.

## ACID IN STOMACH SOURS THE FOOD

**Says Excess of Hydrochloric Acid is Cause of Indigestion**

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflame the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, eructate sour food, belch gas, or have heartburn, flatulence, water-brash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effective, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.—Advertisement.

## SULPHUR SOOTHES UGLY, ITCHING SKIN

The First Application Makes Skin Cool and Comfortable.

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using "Mentho-Sulphur," declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, never fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Mentho-Sulphur is applied like any pleasant cold cream for a few days. You can obtain small tins from any good druggist.—Advertisement.

## MEXICANS TOLD WHY BE WEAK AND NERVOUS

Nuxated Iron will help make you strong and well again. It has been used and highly endorsed by former United States senators, judges of U. S. courts, many physicians and prominent men. Even the pope at Rome has written especially of the merits of Nuxated Iron in a communication to the Pharmacologic Normale. Over 4,000,000 people are using it annually to help build up their strength and endurance. At all druggists.—Advertisement.

## Alkali In Soap Bad For the Hair

Soap should be used very carefully. If you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulisified coconut-oil shampoo (which is pure and greaseless) and is better than anything else you can use.

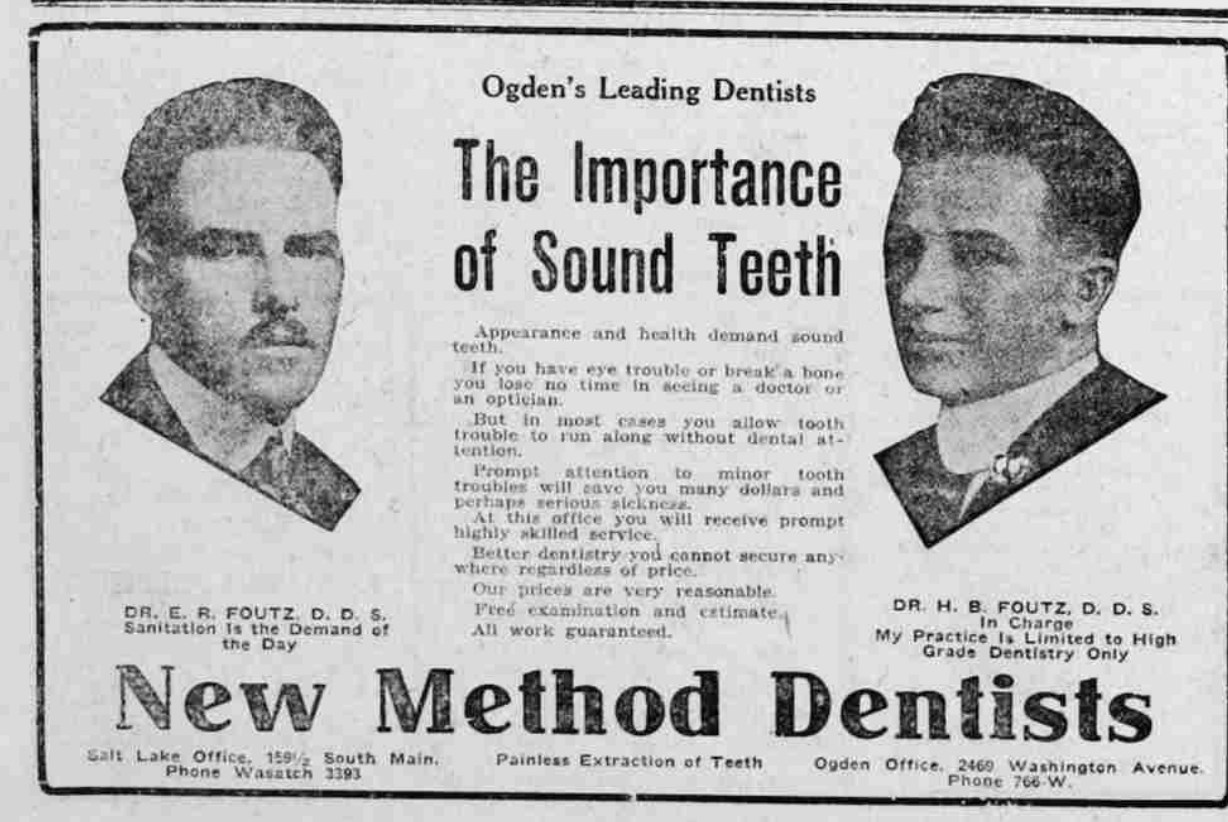

One or two teaspoonful of mulisified will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulisified coconut oil shampoo at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulisified.—Advertisement.

## In Hard Lines

"I could not work at all and had to take to my bed with a high fever due to intestinal indigestion, gases in my stomach and pain in my right side. I had spent my last cent for doctors and medicine, which gave me no relief. I was in despair. A lodge brother gave me a bottle of 'Marty's Wonderful Remedy,' and the first dose relieved me. Thanks to this medicine I am now in the best of health." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and lays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince you of money refunded. Martine Drug Co., and druggists everywhere.—Advertisement.
